

JPanel

```
graph BT; A["it.emarolab.cagg.debugging.base  
Components.PanelTabButton"] --> B[JPanel];
```

A UML class diagram illustrating inheritance. A white box labeled 'JPanel' is at the top. A blue arrow points upwards from a gray box below it. The gray box contains the text 'it.emarolab.cagg.debugging.base' and 'Components.PanelTabButton' on two lines.

it.emarolab.cagg.debugging.base  
Components.PanelTabButton
